

**ENVIRONMENT ISSUES: Natural Disasters & Climate Change****Activity 1**

When a natural disaster occurs, several organisations take donations to help the disaster victims. Research three such organisations.

- What do they specialise in?
- How do they/what do they do to help?

Activity 2

Floods/droughts were mentioned in the fact sheet, **Environment Issues: Natural Disasters & Climate Change**. Research the last time these happened in the United Kingdom. What areas were the worst hit? Why? What happened?
