

A Security Guard

Working Life

Chung

Chung's a Security Guard.

He works inside the office building and outside in the grounds.

It's his job to make sure everything and everyone is safe and secure.

He uses Closed-circuit Television (CCTV) and scanners to help him watch every area.

He notices everything and will ask what a stranger is doing, if he thinks he shouldn't be there!

He is very polite and helpful. Everyone recognises him in his uniform.
