

Energy Grid

Fill in the grid below, detailing how energy is used in your home over a weekend and what you have recycled.

	Example	Saturday (am)	Saturday (pm)	Sunday (am)	Sunday (pm)	TOTAL
How many units of 15 minutes has the television been on or on standby?						
How many times has the kettle been boiled?						
How many times has the washing machine been turned on?						
What have you recycled?	3 plastic bottles 1 paper					

What 3 things can you do to save energy?

1. _____
2. _____
3. _____

Name: _____ Date: _____
