

GAME INSTRUCTIONS

MAIN HOW TO PLAY INSTRUCTIONS (1 PLAYER)

Build your sustainable community!

1. Find a matching pair to reveal a quiz question. There is one question per theme.
2. A maximum of three points is given for each question.
3. Incorrect answers and using hints take away points from your score.
4. The game ends when you have answered five questions, and your sustainable community is built. Good Luck!

MAIN HOW TO PLAY INSTRUCTIONS (2 PLAYERS)

Be the first player to build your sustainable community!

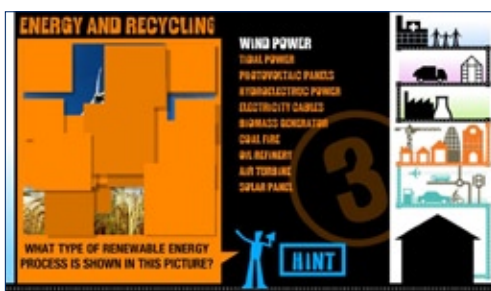

1. Find a matching pair to reveal a quiz question. There is one question per theme.
2. A maximum of three points is given for each question.
3. Incorrect answers and using hints take away points from your score.
4. The game ends when both players have answered five questions, and your sustainable community is built.
5. The winner is the player (or team) with the most points. Press play to select which team goes first. Good Luck!

Picture Jumble (12-14)

1. Work out the image shown in this jumbled picture.
2. Choose your answer from the list on the right.
3. For help, click the hint button. This will freeze two squares, while the rest continue to shuffle.
4. You have three tries.

Picture Jumble (14-16)

1. Figure out the image shown in the picture beneath the moving squares.
2. Choose your answer from the list on the right.
3. For help, click the hint button. This will take away some of the moving squares.
4. You have three tries.

Dial an Answer

1. Find the correct answer to the question. Click on the dial to rotate the words. Once your answer is highlighted in blue, confirm your choice by pressing the 'select' button.
2. For help, click the hint button. This will remove one possible answer.
3. You have three tries.

Order Sorter

1. Put these four objects in order, according to the question.
2. Highlight an object to reveal helpful information regarding the correct order.
3. Click on each object in sequence to submit your answer.
4. You have three tries.

Word Chain

1. Answer the question by finding the word hidden in the grid.
2. Letters form a chain and can be in any direction, but must be next to (or diagonal from) each other.
3. Click on the letters in the correct order to spell the word. Letters can be repeated.
4. For help, click the hint button. This will reveal one letter of the word.
5. You have three tries.

Anagram

1. Find two words related to the question. The answers are scrambled in the grid. The dashes show the number of letters needed for each word.
2. Letters must be clicked on in the correct order to spell a word.
3. For help, click the hint button. This will reveal a letter in each word.
4. You have three tries.
