

Work sheet 7-11 | Learning from Olympians

Things we need

You are a coach starting up a new football team and have been given £250 to buy equipment. What will you spend it on? You may not be able to have everything so think carefully about your choices.

Things to remember

- There are 11 players in a team
- You need two sets of goals to play a game.
- There is only one goalkeeper in your team.
- All players need a top
- Players always get thirsty

Item	Quantity	Cost of each	Total Cost
			£

I had £250 – I spent I have left.
